DETAILED ACTION

Allowable Subject Matter

1. Claims 9-15 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 9 recites, inter alia, a method of inserting a circuit breaker with a pair of alarm connectors in a second location connected to the bus for receiving power from the power distribution bus, inhibiting a response from a first alarm circuit electrically linked to the first location until the fuse is blown, and inhibiting a response from a second alarm circuit electrically linked to the second location until the circuit breaker is tripped.

The art of record does not disclose the above limitations, nor would it be obvious to modify the art of record so as to include either of the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Y. J. Han whose telephone number is 571-272-2078. The examiner can normally be reached on Mon-Fri 5:30am-2:00pm.
